PRIMARY STRENGTHS

Graphic & Brand Design - Visual identity systems, Arabic/English layouts, social media, commercial graphics and brand applications.

AI Visual & Video Creation - Concept development, AI-generated images, product visualisation, visual direction and AI film.

Production foundation - Print-ready artwork, signage, DTF / UV DTF and clean vector files for cutting and engraving.

SELECTED PROJECTS

AFWAJ | Client project - Saudi Arabia

AI sleeping-pod concept design, visual direction and a 1:41 film showing use during Hajj. Focus: keeping the product recognisable across AI-generated scenes.

Handy Work | Identity expansion - concept applications

Bilingual system built around a supplied logo. 43 editable applications spanning stationery, fleet, site, office and digital. AI-assisted concept mockups.

Alpha Platinum | Identity expansion - concept applications

Existing bilingual identity extended across 117 editable concept artboards and a website prototype. Proposed applications; original logo retained.

TOOLS & WORKFLOW

Design: Illustrator, Photoshop, InDesign, CorelDRAW.

AI: Higgsfield, Freepik Spaces and AI assistants.

Production: Roland, Sky Color, SignMaster; RDWorks basics.
